

Wildflowers of the Antelope Valley

- Jane Pinheiro Interpretive Center

POPPY FAMILY
(Papaveraceae)

Antelope Valley
California
Poppy Reserve

CALIFORNIA POPPIES

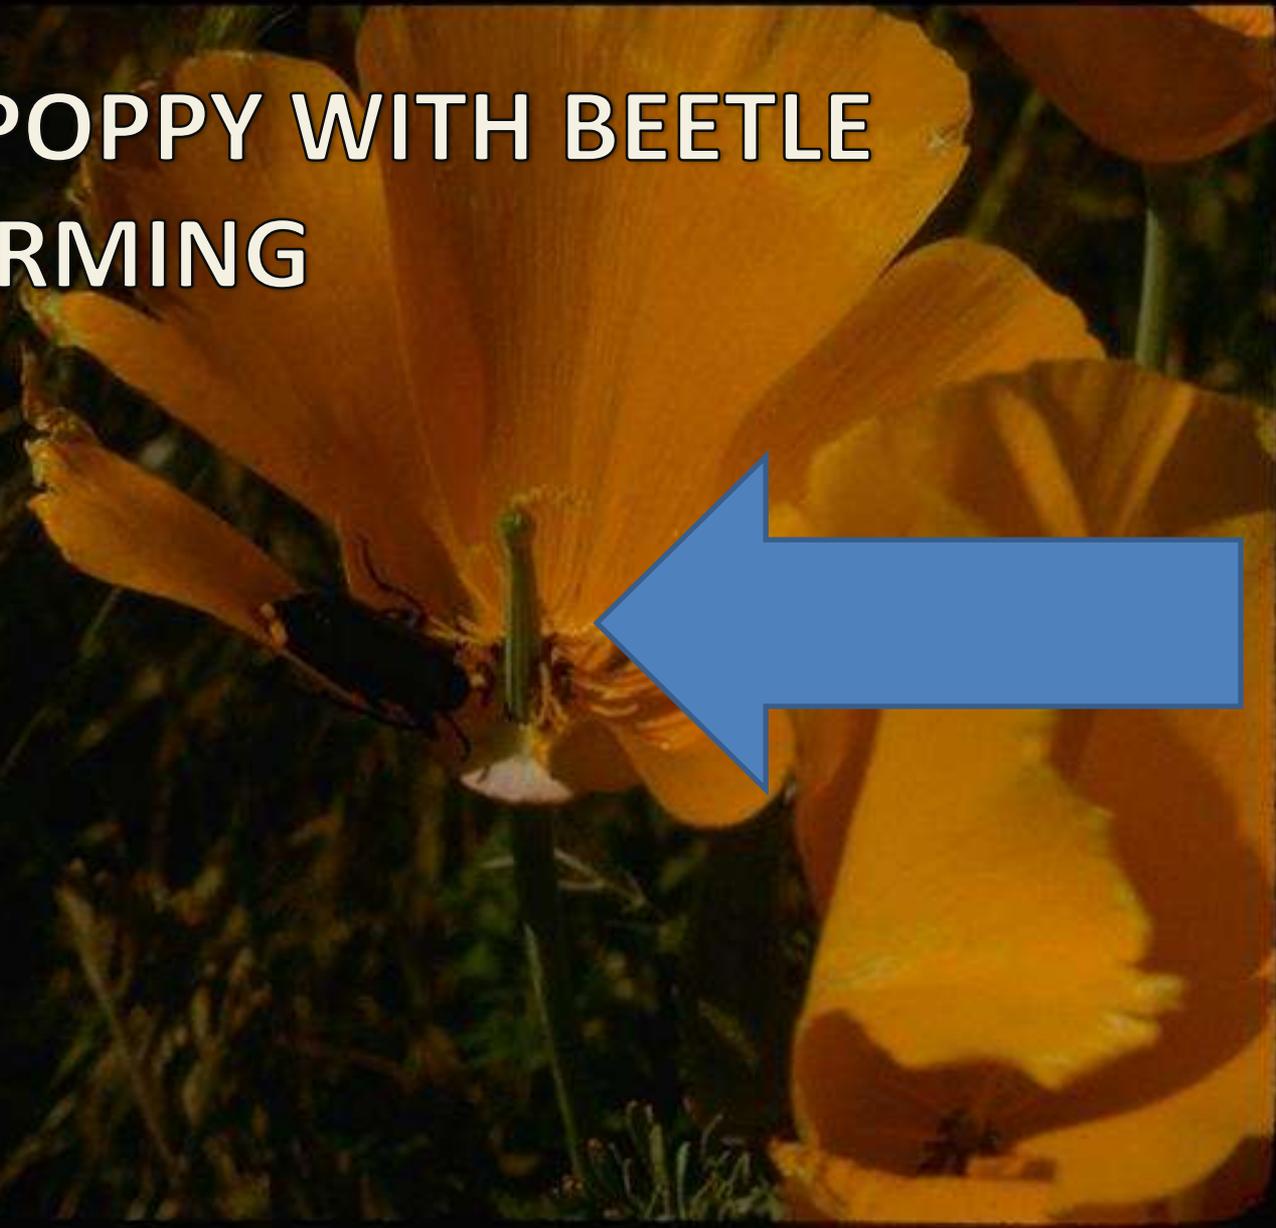

A photograph of a field of California poppies and filaree flowers. The poppies are bright orange with four petals, and the filaree are small purple flowers. The ground is sandy and covered with green grass and other vegetation.

PHLOX FAMILY

(Polemoniaceae)

EVENING SNOW

DAVY GILIA

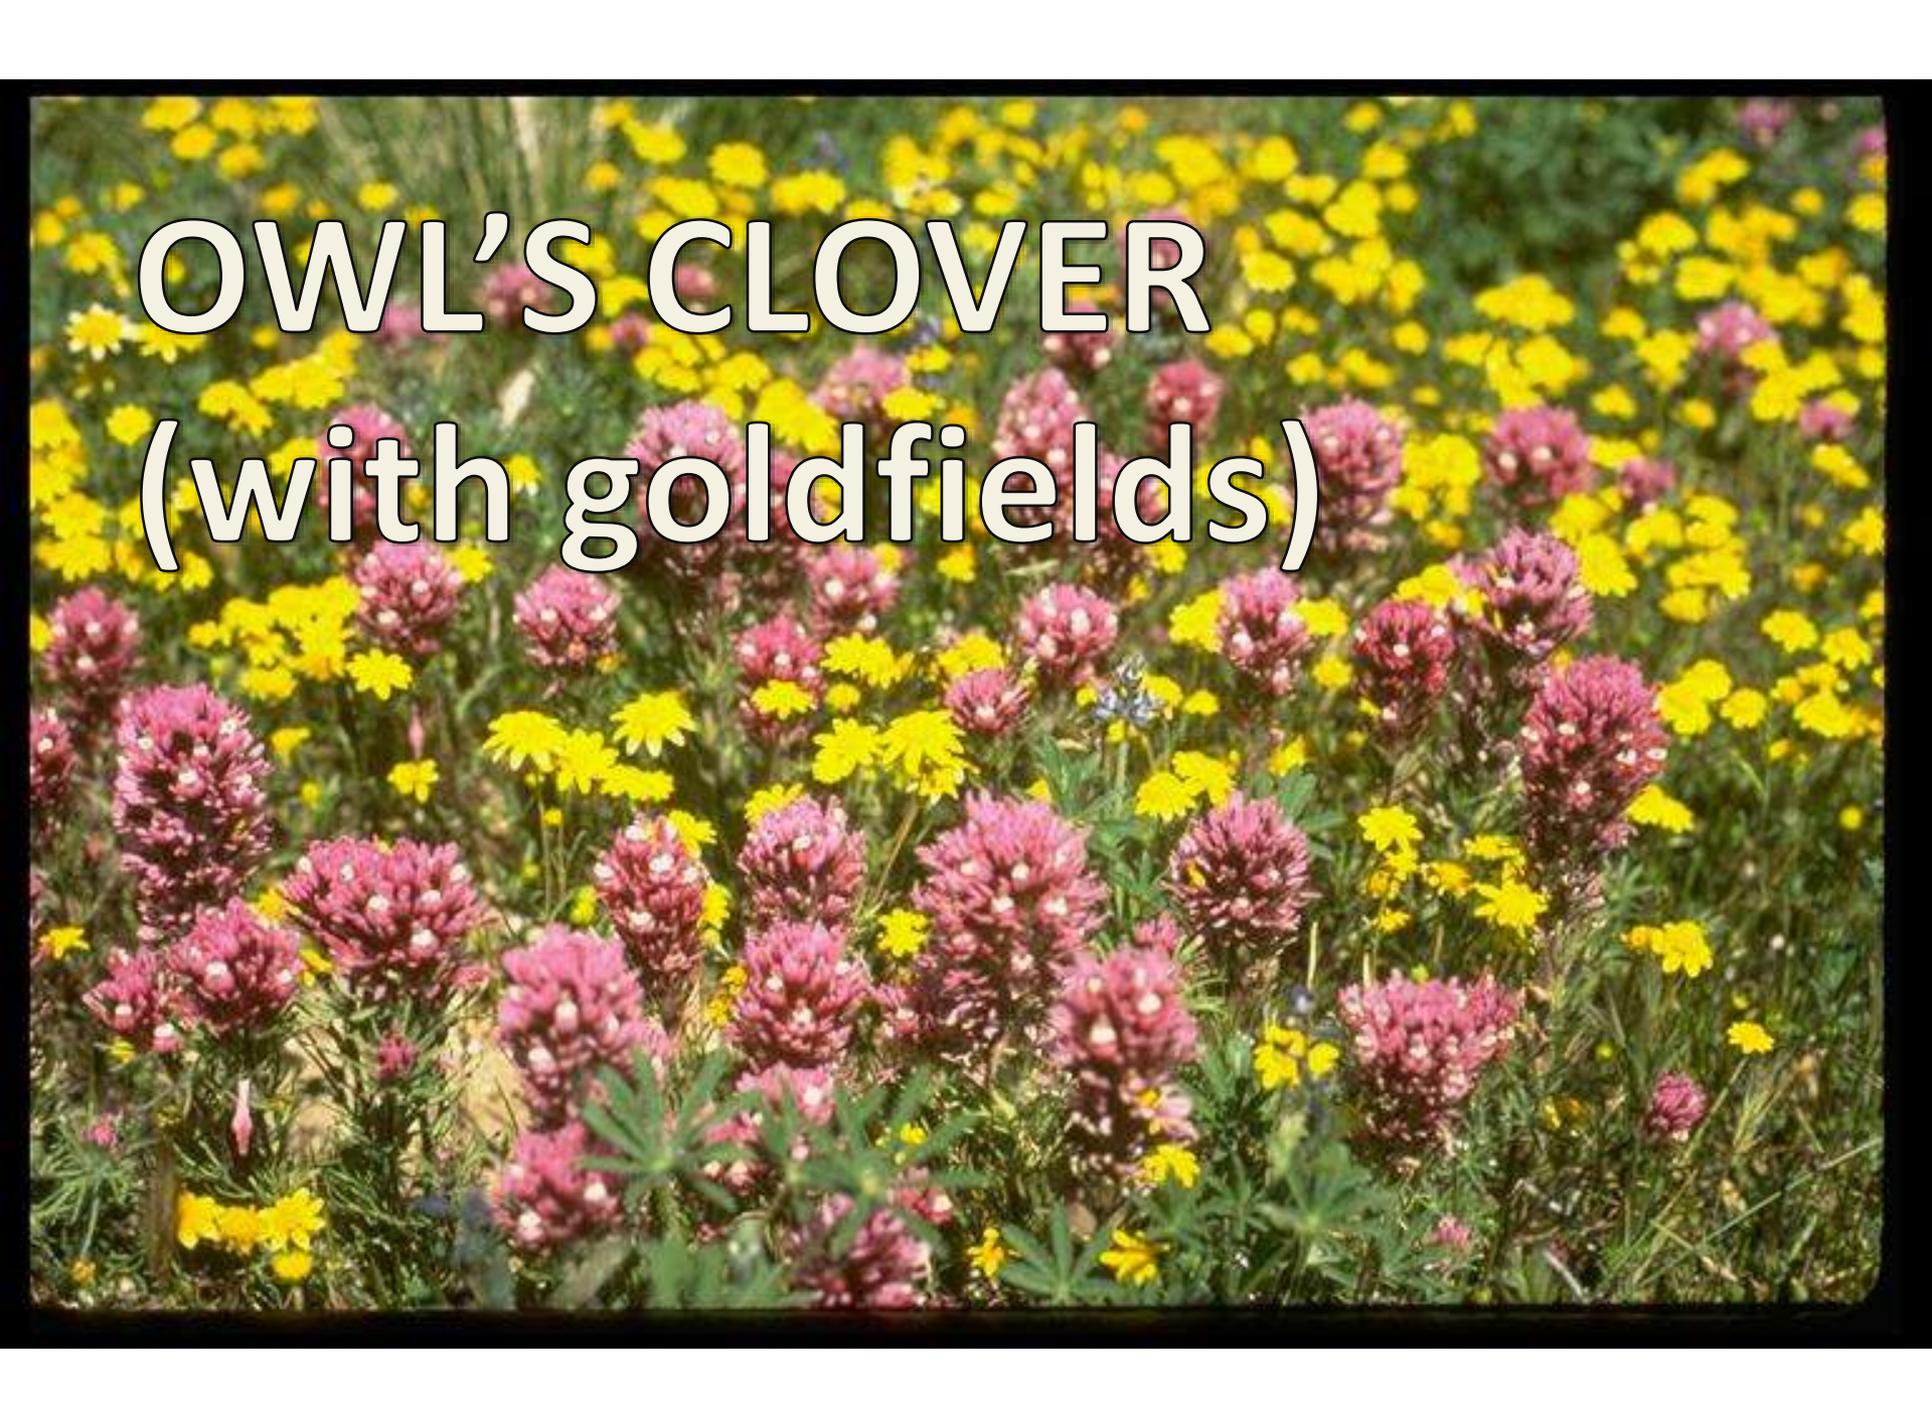

PARRY GILIA

Figwort or Snapdragon Family (*Scrophulariaceae*)

A vibrant field of flowers, featuring Owl's Clover (pinkish-purple) and Goldfields (yellow). The flowers are densely packed and appear to be in full bloom. The background is a soft-focus field of similar flowers, creating a sense of depth. The overall scene is bright and colorful, typical of a meadow or prairie in late spring or early summer.
